PSC-Qtr 2 DNR
Assessment

This invoice implements a cooperative agreement dated September 9, 2003, under which the Public Service Commission (PSC) and Department of Natural Resources (DNR) will conduct concurrent reviews of permitting processes for major electric utility projects, including transmission and generation facilities. Under the agreement approved by the Governor and Legislature as WI Act 89, the PSC is providing funding for seven DNR positions to work on the permitting process. With each quarterly invoice, the DNR provides the percent of time spent on permitting issues for each company during that quarter. In turn, the PSC is billing the charges under Ch. 196.85(1).

The cost for the period 10/01/2021 thru 12/31/2021 is \$136,096.27.

Your share is \$5,066.36.
